

# Is your money working as hard as **you**?

**Performance Finance only provides finance for healthcare professionals.**

***Enjoy expert financial advice from a team who understand your profession.***

**You will benefit from:**

Competitive rates, improved cash flow and enhanced tax savings. If you're a high rate tax payer, Performance Finance is renowned for its ability to offset tax.

**Other key benefits:**

**Performance Finance is independent**

We provide a competitive edge and flexible approach. You will be offered facilities from over a dozen different banks and finance companies so you are not tied to one lender.

**You will be offered the highest standards of service**

Attention to detail and a bespoke software system means you will be offered the best possible service levels.

**Performance Finance manage large and complex transactions**

You can focus fully on running your business while Performance Finance manages the detail of even the most complex arrangements.

**You will find Performance Finance ethical and trustworthy**

You will always be given the best advice for you and your business.

**You will not be charged any hidden extras**

You will be informed if any administration fees apply. No additional fees or deposits will be taken.

***Performance Finance prides itself on its integrity and its ability to meet your needs consistently and professionally.***
