## NIDEK TS-610 PACKAGE OFFER

**0% APR**  
interest-free  
finance available

**12 month term**

- Subject to status.
- Terms & conditions apply.

The **TS-610** is a tabletop subjective refraction workstation that integrates chart and refractor into a single unit.

NIDEK's recognized pedigree of a quality examination process is embodied in a groundbreaking design that redefines conventional refraction systems and significantly minimizes the examination footprint. Compact design enables easy installation and office assimilation, while the stylish shape complements the progressive image of your facility.
