## OCULUS – Keratograph 5M

**60 x £209.33 + vat per month**  
t&c's apply

In addition to topography and topographic keratoconus screening, the K5M provides a large contact lens database and many analyses for daily practice. With the JENVIS Pro Dry Eye Report you can easily perform comprehensive screenings, using the measuring results as a basis for diagnosing dry eye syndrome. The K5M also enables you to compile a fully comprehensive dry-eye report for the patient to take home with them.
